

Remarks

Although the claims were amended during International Preliminary Examination, it is Applicants' intention that the claims to be examined in the U.S. National Stage of the International Application should be the original claims (subject to the comments below) of the International Application as filed.

Accordingly, claims 1-24 have been replaced by new claims 25-48. [Assuming that the PTO has already entered the amendments made during International Preliminary Examination, Applicants recognize that some of the original claims have already been cancelled.] New claims 25-48 correspond to original claims 1-24, respectively, except that the use of multiple dependent claims has been avoided in order to reduce the filing fee.

Respectfully submitted,

Kazuyuki YAMANE et al.
